Products Liability Litigation, MDL No. 2327

Dear Tom:

I am writing in response to your letter of March 4, 2013 concerning TVT patient brochures and IFUs. In points 1 and 2 of your letter, you ask us to produce the TVT patient brochures. Enclosed is a chart detailing the patient brochures that have been produced. We have also included the bates numbers to assist your locating them. We are still working to try to determine the in use dates, but, with a few exceptions, the chart has the copy review approval dates.

With respect to points 3 through 8 in your letter concerning IFUs, we have been working as quickly as we can to get you answers to the questions you raise. I will give you an update as we know more.

Please let me know if you have any questions.

Sincerely,

BUTLER, SNOW, O'MARA, STEVENS & CANNADA, PLLC
